## YOUR INVESTMENT OPENS DOORS FOR DESERVING STUDENTS

*Funding a college education is made easier for twelve high school seniors*

The generous support of the Peter W. Field family and the ten BAP Business Partners Program enabled twelve remarkable students to breathe easier about paying for college. Over \$14,000 in much needed scholarships has been awarded to high-achieving students. With your help as you invest in these graduates, we hope to further their potential to become tomorrow's leaders and visionaries. BAP is grateful to have caring donors who award students for diverse skill sets including leadership, work-ethic, school spirit, and community service as well as educational endeavors.

These outstanding seniors were recognized at the Alabama Sports Hall of Fame/Fellowship of Christian Athletes Prayer Breakfast on May 31. Representing the Birmingham Board of Education at the breakfast were board members April Williams, Vice President and representative from District 8, and Odessa Ashley, representing District 7. On June 10 the scholarship recipients were recognized at the Birmingham Board of Education meeting.

"Thanks to BAP for taking an interest in youth athletics. I feel that it is imperative that good character and a Christian attitude are stressed in sports and this is the trend that I have noticed in the BAP organization. BAP teaches kids that sports aren't just recreational and competitive. But it stresses self-discipline, moral courage,

fortitude and persistence. Like Coach Vince Lombardi said, 'The spirit, the will to win, and the will to excel are things that endure. These qualities are so much more important than events.'" Odessa Ashley, District 7 Birmingham Board of Education.

Two students were awarded the \$2,000 Peter W. Field Scholarship. Stormi Bodie, a graduate from West-End High School and Akeem Crosskey, a graduate of Carver High School. This fall Bodie will be attending Miles College and Crosskey will continue his education at the University of Alabama.

## Thank You for the Opportunity

Michael Vest, *BAP Executive Director*

I am a product of the Birmingham City School System. I am a product of years spent at Birmingham Park & Recreation fields. Just typing these words brings back extremely great memories.

At Green Acres Park I learned to play tennis; at Central Park I learned to play football and baseball from great little league coaches. After graduating high school, I received numerous football

scholarships because I was taught the fundamentals on how to play the game inside the lines.

Thanks to your partnership with BAP, Birmingham City high school students are having similar experiences and memories. You make it possible for student athletes, high school coaches, cheerleaders and cheer sponsors, band members and band directors to attend camps and clinics and have sufficient resources for their respective endeavors. Think of the lives you have enhanced during the past six years.

BAP is grateful to each of you for helping give these outstanding students the opportunity to participate and achieve in the band, cheerleading and athletic programs.

Daryl Johnson, *Hayes High School Band Director* and Michael Vest, *BAP Executive Director*

**"If it weren't for the support from BAP my student athletes would have never been exposed to the things that would make them better individuals. Thanks!"**

*- Coach Stephen Ward, Former Boys Basketball Coach at Hayes High School and newly named Head Boys Basketball Coach at Huffman High School.*

"This spring BAP sponsored **The Volleyball Showcase at Birmingham Southern College**. The two day event highlighted the top juniors and seniors in the district. It provided skill training and video of the participants.

This summer Carver High participated in the Alabama Sports Festival. We played 6A powerhouse Pelham High and 5A contender Muscle Shoals High, to prepare for this upcoming season. In July, BAP is sending four of our players to the UAB position camp. This will increase their knowledge of individual responsibility on the court. BAP is playing a major role in The G. W. Carver High Volleyball program in 2008. Thank You." - E. N. Gooden, *Head Volleyball Coach at Carver High School*

Your generous support helped these 2007-2008 **CITY CHAMPIONS** improve in their respective sports

# CONGRATULATIONS TO THIS YEAR'S RECIPIANTS

"The old saying 'Idle hands are the Devil's workshop' is an often used cliché. However, it still rings true. Today's youth have so many negative things pulling at them. Thanks to honorable organizations like the Birmingham Athletic Partnership, today's youth have an opportunity to continue participating in sports and develop their ability in the band. Young minds that stay occupied with positive tasks help make law enforcement's job easier. Each and every student who stays involved in sports, band or choir is one less person who might make the wrong decision into a life of crime. Thank you, BAP, for all you have done and continue to do."

# YOU HIT IT OUT OF THE PARK

# THANK YOU

Whether or not you realize it, you are “record setting, out of the park, first place, game-winning, All-State, MVPs” in the eyes of Birmingham City School students and athletes. Your contributions meet a diversity of needs. When you choose to honor or remember significant people or events with a contribution to BAP, you impact another life in a unique way. On behalf of the students, coaches, faculty, and parents, we express deep gratitude.

"Lots of public schools do a great job of educating young people. What makes improving public education so difficult is not the lack of know-how, per se. It is the lack of resources, public will and interest."

—Lynn Huntley, President, The Southern Education Foundation

"Through communication and collaboration we can create momentum for change. We have got to help our children have better lives because they are the South's future workforce, taxpayers, consumers, entrepreneurs, public officials, teachers and civic leaders. As a region, we prosper as they prosper."

## BAP Initiates Inaugural LEADERS OF TOMORROW Class

*Eighteen Students Gain Personal and Leadership Skills Necessary for Success*

Your partnership helped eighteen outstanding students participate in the inaugural BAP **Leaders of Tomorrow** Program. Two students from each of the nine Birmingham City Public High Schools were nominated by their administration, coaches and/or

band directors to participate.

In addition, your generous support enabled BAP to introduce our leadership students to civic and athletic leaders in the community at events such as the UAB Minority Research Gala, the Foundry Banquet, the Birmingham City Council meeting, the Birmingham Barons and Alabama Steeldogs games. Our students were invited to participate in the Lakeshore Foundation F.L.A.M.E. program that encourages minority high school athletes, in both Olympic and non-Olympic sports. The students were also treated to lunch at the Regions Bank dining facility in downtown Birmingham.

Building on the success of this initial group, we look forward to the selection of the Leaders of Tomorrow for 2008-2009. Thank you for your contributions that make this program possible.
